ITT Systems Division Appoints Janet Oliver Director of Business Development

Colorado Springs, Colo., October 22, 2009 –ITT Corporation (NYSE: ITT) is pleased to announce that Janet Oliver has joined ITT Systems Division as Vice President and Director of Business Development.

Oliver most recently served as the Vice President of Mission Support Services for the Federal Division of Shaw Environmental and Infrastructure. She managed a business area with over 700 employees performing public works, civil engineering, minor construction, and general base operation support services. In addition to her operational role, she also oversaw business development, strategy, budget and risk. Prior to her time at Shaw, she was an Executive Vice President for Del-Jen/Fluor and a Vice President at PAE. Oliver earned both her undergraduate and graduate degrees from the University of Arizona.

“Adding Janet’s experience in the government services market, and her professional network, to our already strong business development team will continue to move Systems Division in a positive direction,” said Michael Gulino, President and General Manager of ITT Systems Division.

ITT Systems Division, headquartered in Colorado Springs, Colo., is a world leader in providing operations, maintenance and logistics support for U.S. military systems, facilities, vehicles, ranges, and networks around the globe.

About ITT Corporation

ITT Corporation is a high-technology engineering and manufacturing company operating on all seven continents in three vital markets: water and fluids management, global defense and security, and motion and flow control. With a heritage of innovation, ITT partners with its customers to deliver extraordinary solutions that create more livable environments, provide protection and safety and connect our world. Headquartered in White Plains, N.Y., the company generated 2008 sales of \$11.7 billion. www.itt.com
